MOIL registers Best August production
Achieves 7 % growth during April -August '24

With best ever August production of 1.24 lakh tonnes in August, 2024, MOIL sustained its performance momentum. It has achieved production of 7.24 lakh tonne during first five months of the current financial year (April to August 2024), registering a growth of 7% over CPLY.

The Company has achieved sales of 5.92 lakh tonnes during April-August 2024, which is almost at the same level of last year. This is despite challenging market conditions and high international price volatility over the past few months.

Revenue from operations has increased by about 11% during April-August, 2024 over CPLY.

Giving utmost thrust to exploration, MOIL has carried out exploratory core drilling of 46,585 meters upto August, 2024 which is 1.6 times than the previous year.
